Harry Potter’s Dream By Debbie the poet

Ravenclaw, Hufflepuff, Slytherin
and Gryffindor
We can’t wait, for what’s in store
The Harry Potter story is a fantasy
That encourages children to read, as
you can see.

Hogwart’s School does teach many
lessons
Laws of time and nature, are in
suspension
What we learn is loyalty, bravery,
truth, and love
While watching owls and hearing the
doves

The magical world, with all its
potions
Fosters imagination and charges our
emotions
We present to you, Harry Potter’s
Dream
To have straight teeth, instead of a
scheme

He will search Chula Vista, with Dr.
Fuller
To root out all frowns and crooked
molars
So look in the mirror, and study your
faces
Then come by to see us, we’ll give
you some braces

Dr. Fuller is a board-certified
orthodontist, practicing here on
Third Avenue for 11 years. Next
year, he will be moving to his
new office on I Street that
promises fun and adventure with
a Pirates of the Caribbean
theme.

NEWS FLASH:

On October 13, ten year old **Johanna Burgess** became the youngest person to sail as a crew member of the Star of India.

The Star of India is the big sailing ship that is anchored in San Diego harbor at part of San Diego's maritime museum. The Star is the oldest active sailing ship in the world. It set sail as part of Fleet Week 2001.

Johanna worked very hard as a volunteer for over 100 hours to earn her place on the crew. She learned many sailing skills and lots of nautical language.

We are very proud of you Johanna.
