## PRESIDENT DENTAL SOCIETY

Dr. Fuller will be the new president of the San Diego County Dental Society.

He was formally recognized as the new president at the Dental Society's annual Recognition Dinner last month.

Dr. Fuller feels it is a great honor to represent all of the dentists. Along with that recognition is a big responsibility as well.

The San Diego County Dental Society is the largest component in the country. The dentists share core values and a code of ethics. They work together to prevent disease and provide care for all in need.

The Dental Society members take pride in their organization and their profession. They continually strive to improve their knowledge of dentistry and to set high standards for all of them to attain.
